MEMORANDUM FOR: Chief, HUMINT Branch/ICS

SUBJECT : Army and Air Force HUMINT Initiatives for
FY77-81

1. Both Army and Air Force have requested funds for GDIP HUMINT initiatives for FY77-81. You already have in hand extracts from Service program proposals laying out the resources for their HUMINT programs.

2. We need to know the substantive merit of these proposals. Would you, in coordination with the HSC as necessary, advise us whether: Army and Air Force HUMINT proposals for FY77-81 are in line with the Service roles and missions; their substantive payoff justifies risk and cost; and they are do-able, considering Service capabilities, political constraints, and US policy. We would also appreciate your suggestions regarding alternatives to accomplish Service HUMINT goals.

3. We would like to have your comments by 11 July 1975.
